Chief Minister's Message

Virbhadra Singh
Chief Minister
Himachal Pradesh

It gives me immense pleasure to know that the Career Point University (CPUH) is publishing the second issue of its bi-annual university magazine titled-'Campus Chronicle'. I congratulate the university management, Teachers and students for this endeavour.

Such magazines provide good opportunity to the students to express themselves and share their ideas and views on various topics and aspects of life. It is a good platform to nurture the creative ability and talent of students besides highlighting the academic, cultural and other achievements of the institution.

In present context the higher learning institutions need to share the responsibility of equipping their students with best of the skills which could help them progress in their lives and meet future challenges. Teaching faculty has to play pivotal role in guiding their students towards constructive and positive activities.

I hope that more and more students will come forward to contribute to the magazine.

My good wishes for successful publication of the magazine.

(Virbhadra Singh)

Chancellor's Message

Pramod Maheshwari

B.Tech., IIT Delhi
Chancellor CP Universe

Welcome to Career Point family.

There is a need in our country today to bridge the gap between industry and skilled human resources. Through our academic programs we are trying to take an initiative to fill this gap and create a win-win situation for both the students and the industry. To support our mission of providing adult learners with cost-effective and flexible in-service training for lifelong learning and enhanced employability, our courses encompass areas such as Science and Technology, Business Studies, Applied Sciences and many others which are futuristic in nature to meet the challenges of job market. There are many others which meet the requirements of untouched fields of Financial, Management and Technological sector. With complete industry orientation at the core, the training imparted is blended with a job oriented industry integrated approach. The state of art academic facilities include specially designed class rooms and practical labs. Apart from the core courses, students are provided with value additions to help them to make a mark in the professional world. Our tie-ups for internships and placements are directly with the best institutions and industries. It will be a pleasure to be setting the paces together with professional realm.

(Pramod Maheshwari)

Vice Chancellor Message

Prof (Dr) P L Gautam

Vice Chancellor
CPU, Hamirpur

CPUH is located in the scenic rural setting in the state of Himachal Pradesh. The University is striving for imparting quality education to the students in the Engineering and Technology, Basic and Applied Sciences, and Business Management. There are plans to add more programmes in future. It has well trained and committed faculty and staff. The university attaches high priority to all round growth and training of the students. The students are invited to take its advantage.

(Prof (Dr) P L Gautam)

Dean Message

Dr. M.R Sharma

Dean
CPU, Hamirpur

It gives me immense pleasure to call the CPUH my new home. This growing dynamic University is filled with curious students and innovative faculty. I feel privileged to join its rank. The university is on a tremendous upward trajectory and I am committed to lead it to reach to even higher goals.

One of the many things which attracted me to join this university was its diverse and prestigious faculty. These educators and researchers understand that engineering is not only about technology, it is also about people. That is why they have dedicated themselves to new solutions and are helping to create ground breaking technology to help us all live longer, sustainable and better life.

It is my pleasure to serve as Dean of Engineering and Technology, here in CPUH. I look forward to meet many new faces in the coming months. I hope you will join us as we help shape to CPUH into a world class and comprehensive research and development university.

M.R. Sharma
(Dr. M.R. Sharma)

Registrar Message

Dr. Sanjeev Sharma

Registrar
CPU, Hamirpur

It gives me immense pleasure to invite you to join the force that changes you and your capabilities, while transforming you to be a professional with a sense of value and determination, an approach that guarantees one thing -SUCCESS through pursuit of Knowledge.

We at the CPUH are committed to offer a high degree of flexibility and calibre in disseminating "True Education" via various Engineering, Applied Sciences, and Management disciplines to our students and will endeavour to blend to the best of academic rigor and pragmatic applications that will contribute to the success of our graduates in the work place. Each student's program of study will be individually customized to ensure that his/her educational objectives will be achieved in the shortest allowable time frame and at the lowest possible cost. The learning environment provided at CPUH encourages healthy internal competition and students are not merely judged by their academic performance but it goes beyond curriculum to value based activities and value oriented education. We instill the best of knowledge and experience through innovative and a strong approach that prepares students for the challenges ahead. We are committed to meet the needs of our students in an innovative and flexible curricula, excellence, effectiveness, academic rigor and personalized services. CPUH welcomes those who are capable of benefiting from our academic programmes. I encourage you to explore university's academic programmes and services to expand your educational horizon and career potentials.

Sanjeev Sharma
(Dr. Sanjeev Sharma)

Republic Day

A flag hosting ceremony was held in the CPUH campus on the 26th Jan, 2013 in order to celebrate the Republic Day. It was done by the pious hands of our Honourable Vice Chancellor, Dr. P.L. Gautam. After the National Song, the Vice Chancellor addressed the students, staff members and faculty and other officers present in the campus. The students were informed about the importance of Republic Day. Thereafter the students of CPUH participated in a cultural function at nearby Jawahar Navodaya Vidyalaya, Dungri. Our students presented a group song "Aye mere pyare watan" which was appreciated by all.

Gathering of Students and faculty at flag hosting ceremony

Group Song Presentation @ JNV Dungri

Sports Activities

Inter Departmental Cricket Matches were organized in the university campus (playground) on 2nd of February, 2013. Following four teams participated in the tournament:

- Civil Engineering
- Mechanical Engineering
- School of Management & Business Studies
- School of Basic & Applied Sciences

Knockout matches were held between the students of Mechanical and Civil Engineering; and between the School of Management and School of Basic & Applied Sciences. The winners were Civil Engineering and School of Basic & Applied Sciences. Efficient team work was displayed by School of Basic & Applied Sciences for winning the first cricket trophy of CPUH. Mr. Gaurav from Civil Engineering Department was declared as 'Man of the Series' for his all-round performance. As a whole, these cricket matches were a source of entertainment for the students. Respected Vice-Chancellor of CPUH also boosted the morale of the students with his kind presence and the students were highly encouraged by his cheering words. Cricket and any other sports related activity freshen-up the minds of students and are must in today's life.

Interdepartmental Cricket Trophy on Sports Day

Guest Lecture

CPUH organized a guest lecture by Dr. R C. Rana within university on March 4, 2013. CPUH students gained knowledge regarding medicinal plants and their value. Besides this, they also came to know about the uses of various other plants which they came across in their daily life but were unaware regarding their uses.

World Cancer Day

Declamation Competition on World Cancer Day

World Cancer Day is marked on February 4 to raise awareness of cancer and to encourage its prevention, detection, and treatment. 'World Cancer Day' was founded by the "Union for International Cancer Control (UICC)" to support the goals of the World Cancer Declaration and its aim is to significantly reduce death and illness caused due to cancer by 2020. CPUH had organized an awareness program on 'World Cancer Day' within the university campus. Students from various colleges and schools were invited to participate in the declamation competition held within university. The aim of such activity is to spread an awareness regarding cancer.

Dr. Praveen Chaudhary, BMO Bhoranj was invited as a chief guest for this occasion. He briefed and insisted to take initiatives, under which the entire world can unite together and fight against the global cancer epidemic. Within the declamation competition, Ms. Diksha from GSSS, Kharwar secured first prize while Ms. Ankita Sharma of GSSS, Bhota and Ms. Rajni from GSSS, Kharwar were declared the runner-ups. An inter-departmental competition was also held for the students of CPUH in which Ms. Megha (M.Sc Physics) secured the first prize. Ms. Poonam (M.Sc Physics) and Ms. Shalini (B.Tech CE) were declared first and second runner-ups respectively.

National Science Day

CPUH celebrated "National Science Day" within the university campus on 28th Feb, 2013. CPUH students participated in a number of activities such as seminar presentation, painting, slogan writing, collage making and photography which was organized between Vindyalchal and Shivalik houses. The list of winners of various events is as following:

Seminar	First	Ms. Manisha (M.Sc Physics)	Vindyalchal House
	Second	Ms. Megha (M.Sc Physics)	Shivalik House
	Third	Mr. Nitin (B.Tech CSE)	Shivalik House
Painting	First	Ms. Bandana (MBA)	Vindyalchal House
	Second	Mr. Nitin (B.Tech ME)	Vindyalchal House
	Third	Mr. Sanjeev (M.Sc Chemistry)	Vindyalchal House
Slogan Writing	First	Mr. Chetan (B. Tech ME)	Shivalik House
	Second	Mr. Vijay (MBA)	Shivalik House
	Third	Mr. Vikrant (MBA)	Vindyalchal House
Collage Making	First	Mr. Gaurav (B.Tech CE)	Vindyalchal House
Photography	First	Mr. Suraj (B.Tech ME)	Shivalik House

World Math's Day

World Math's Day was celebrated in the CPUH on 6th March, 2013. CPUH students actively participated in the activity which consisted of some speeches and a Mathematics Quiz (Olympiad). The first World Maths Day was held on March 14, 2007. The quiz competition was held between the students of Civil Engineering, Electronic Engineering, Computer Science Engineering and Mechanical Engineering. Dr. Sanjeev Rana, Asst. Professor (Mathematics), CPUH provided a brief historic background of Mathematics (a tale of ancient Mathematics to modern Mathematics) and reflected an urge of engineering mathematics in each discipline of engineering. The students of mechanical engineering were declared as winners.

The students also gave speeches on various famous Mathematicians of world. The participants for speech were: Mr. Suraj, Mr. Shobhan, Mr. Abhishek, and Mr. Sachin Shama from various engineering departments.

Women's Day

Task Force Training for Women

Women's Day was celebrated in CPUH on 8th March, 2013 at 2:30 PM. CPUH students participated in various activities which consisted of a speech by Ms. Shashi (M.Sc Chemistry), Jalebi Race, Spoon Race, Three Legged Race, Rope Pulling and Musical Chair. Ms. Shashi stood first in Jalebi Race while Ms. Ankita, Ms. Shilpa and Ms. Anchal stood first in spoon race. The girls of M.Sc Physics won in rope pulling in which Ms. Manisha and Ms. Monisha stood first, while Ms. Shabnam stood first in musical chair. Apart from this, CPUH as per the directions made by the University Grants Commission, Delhi has constituted TASK FORCE to ensure safe working/learning environment for women employees/students. For the aforesaid purpose, CPUH also underwent a 5 day training program by trained female staff of police department especially for girls to ensure a safe and learning/working environment for women.

PTA Meeting (Round-1)

PTA Meeting was held in CPUH on 16th March, 2013. The parents of many students arrived at the meeting. The parents had an interaction with the faculty members. This interaction came out to be fruitful as it provided parents with an important feedback regarding the performance of their children. Similarly, the faculty members also came to know about the expectations of the parents from CPUH. Such type of interactions are necessary today so that a healthy relation can be maintained between students, faculty and parents as what we require today is a healthy and progressive youth to come forward and this can be possible only when the chain of students, faculty and parents is linked properly. Therefore, CPUH lays special emphasis on a regular interaction with parents. The parents also had an interaction with Dean Engineering & Technology, Registrar and finally the Vice Chancellor of CPUH also addressed them.

World Water Day

CPUH organized a program on 'World Water Day' on 22nd March, 2013. On this occasion, Er. L.R Choudhary was invited as the chief guest and discussed the importance of Water in the society. He further put emphasis on rain water harvesting for maintaining the ground water level. The program consisted of a number of competitions like mono acting, skit, slogan writing, painting and rangoli making. Mr. Suraj (B.Tech ME) stood first in mono acting. Mr. Shobhan and group (B.Tech ME) stood first in skit. Mr. Nitin (B.Tech ME) secured first position in painting competition. Mr. Gaurav (B. Tech CE) stood first in slogan writing and the girls from M.Sc Physics stood first in rangoli competition. The program ended with the vote of thanks by Dean Engineering & Technology, in which he laid emphasis on the urgent need to save and to end the wastage of water. CPUH students showed a lot of zeal and energy in participation. The best part of the program was that this was the first time that the students themselves volunteered to organize the program and did a fine job. It was due to the special efforts of the students of M.Sc Physics that the program was a successful one.

Guest Lecture on Personality Development

Personality has a great role to play in a person's life, career, personal development and achievement. It is a special ability of human beings that often becomes a deciding element between success and failure, and which further separates winners from losers. Every aspect, as a myth, of a human being that draws the attention and admiration of others can be attributed to personality, is an inborn quality. But in reality, it is always like that. Like other things, it too has to be developed. With this fact in view, guest lecture on 'Personality Development and Soft Skills' was delivered by Mr. Krishan Gargya and was organized on 6th April, 2013 in CPUH. Students appreciated the lecture a lot and were very much motivated. Mr. Gargya emphasized upon the role of soft skills in our personal as well as professional life. He also talked about the merits and benefits of team work. On the whole the program was a successful one.

Workshop on Teaching Methodology

A workshop on 'Teaching Methodology' was organized in the CPUH on 24th April, 2013. Dr. Kamlesh Dutta and Er. Pradeep Singh from NIT Hamirpur presented the importance of teaching methodology. Importance of course plans and efficient methods of implementing course plans were the main concerns to be discussed. Various teaching methodologies were also discussed during workshop.

Communication Skills, Guest Lecture

A guest lecture on 'Communication Skills' by Mr. Vimal Kumar Taheem - Visiting Faculty in 'The Institute of Company Secretaries of India, New Delhi', was organized in the CPUH campus on 10th April, 2013.

Mr. Taheem is also the author of a book named, "English Word Power at Your Fingertips." The students as well as faculty members of CPUH were impressed by the lecture as within a short span of 15 minutes, Mr. Taheem amusingly mentioned a list of about 1000 words. He gave tips regarding improvement of vocabulary and also mentioned the urgency of improving English Language. An attempt has been made by Mr. Taheem to make the language simple by dividing the words into different blocks. Our students gained a lot by this lecture. The Dean Engineering & Technology thanked Mr. Taheem for sparing his precious time for the benefit of our students.

Participation in International Workshop held at NIT Hamirpur

CPUH had planned subsequent industrial visits (in every semester) for the benefit of our students. This time, the industrial visit was organized in the form to attend an International Workshop on 11th and 12th April, 2013 at National Institute of Technology (NIT), Hamirpur. A total number of 38 students from 'School of Engineering and Technology' participated in this visit along with faculty members, Er. Gaurav Jaswal and Er. S.Vaibhav.

During the visit, the students participated in an international workshop on 'Exploring Science of Transportation Systems' organized by Mechanical Engineering Department, NIT Hamirpur. This two days international workshop held on "Exploring Science of Transportation Systems" is one of the most current research issues among transportation industry which encompasses all modes of transportation (road, railways, defense and aviation) and all modes of planning.

CPUH students also visited 'Central Workshop' of Mechanical Engineering Department, which increased their technical knowledge and understanding about the workshop. This industrial visit helped CPUH students to develop their technical skills. They were also given a practical knowledge about machines and how they work.

Kisan Mela

Kisan Mela@CPU Hamirpur

CPUH, in collaboration with CSK Agriculture University, Palampur, organized a 'Kisan Mela' within campus on 12th April, 2013. This program was organized by 'School of Management and Business Studies, CPUH'. The farmers were invited for this Mela through distributing pamphlets in newspapers and through personally conducting the phone calls. About 130 farmers from different places were present on the day.

On this occasion Dr. Chaman Lal Sharma (Scientist) and Dr. K. S. Verma from CSK Agricultural University, Palampur gave the farmers a number of tips regarding 'Kharif crop'. Dean Engineering & Technology, Dr. M.R. Sharma welcomed everyone on this occasion and mentioned that CPUH feels privileged to organize such type of programs which are also beneficial for the farmers. The Vice Chancellor CPUH, Dr. P.L. Gautam also addressed the farmers and expressed his views regarding the field of farming. Farming, he said, is wide a field which needs proper attention. He hoped that the farmers would be benefitted by such programs and also mentioned that CPUH would try to organize such programs again in near future.

Dr. Chaman Lal Sharma laid emphasis to the need of growing cash crops. He said that the environment of Hamirpur is appropriate for sugarcane and vegetables and there is also a good market available. He gave a number of tips regarding the growth of vegetables like lady finger, brinjal, bitter gourd, mushroom etc. He mentioned that every family should maintain a kitchen garden as the vegetables grown at home is devoid of pesticides. The Vice Chancellor, CPUH honoured Dr. Sharma and Dr. Verma by presenting a memento. Towards the end, plants of different vegetables were exhibited and sold to the farmers at reasonable prices. Individual queries were also handled by Dr. Sharma afterwards.

Local Fair

The students of CPUH were taken on a visit to a local fair on 20th April, 2013. The fair was at Jahu, a border town for three districts of Himachal Pradesh - Hamirpur, Mandi and Bilaspur. This fair takes place in the month of March - April every year. Students from management and engineering streams visited the fair.

Dean, Engineering & Technology, Dr. M.R. Sharma took feedbacks from the students on their way back and also gave them a task of preparing reports of their visit. Such visits are especially beneficial for the management students so that they can have a better understanding of marketing and can also learn about different strategies from people employed in the field of marketing.

National Workshop

National Workshop: Future Technological Developments in Engineering Systems and Industries (TDEI-13)

Two days 'National Workshop' was organized by 'School of Engineering and Technology' at CPUH on 26th and 27th April, 2013 by the collaborated efforts of Er. Gaurav Jaswal and Er. S Vaibhav. The theme of the workshop was to understand the trends in future technological developments for engineering systems and industries. The workshop explored the technical knowledge about different streams of engineering. Faculty members from reputed institutions such as NIT, Hamirpur and from some government organizations were the key-note speakers for the technical sessions. Several branch-wise issues were discussed by these expert speakers.

Dr. M.R.Sharma welcomed all the participants in this workshop and motivated them for their future. In a very energetic speech, respected Vice Chancellor Dr. P.L. Gautam emphasized on the need of improvement in engineering systems and industries and on the need of quality control in organizations. Dr. Gautam highlighted the technological progress made by Medical Science, Space Science, Agriculture Science and Information Technology.

It is a matter of pride that the workshop was attended by respected people like Mr. Harish Verma from VT Technologies, Chandigarh who gave a presentation on Wireless Communication. Er. HP Singh, SE IPH Department, Hamirpur shared his views on the 'Need for Artificial Recharge.' Dr. M.R. Sharma, Dean Engineering & Technology, also delivered a presentation on 'Success Mantra.' This workshop provided an in depth knowledge to the students on various engineering aspects.

Peaceful Rally Protesting Crime Against Women

Peaceful rally were organized by the students and faculty of CPUH at Sarkaghat and Hamirpur, in protest of crime against women. Crimes such as rape and molestation were criticized by the students. The students carried with them sign boards which condemned such heinous crimes which crushes the soul of an individual not only physically but also mentally.

One of our students gave a speech in which she motivated the females to shed away their hesitation and shyness and come forward with all their strength to abolish such crimes from our society. Dr M.R.Sharma (Dean, Engineering & Technology) also delivered a brief speech at the end of the rally in which he asked the parents to impart in their wards some values and cultures right from their childhood so that they can have respect for the other sects with society. Such crimes, he said can only be prohibited by our attempt. It is the right time now when we should stop mourning over such crimes and take some active action. It is a matter of pride that CPUH students stood together to awaken the society against such brutal crimes.

The First Meeting of Development Committee

The first meeting of Development Committee of CPUH was held under the chairmanship of Dr. P.L. Gautam (Vice-Chancellor, CPUH) on 3rd May, 2013 within university. Dr. Brahma Singh, Former Director, Defence Research and Development Organization (DRDO), Officer on Special Duty to Former President of India, His Excellency Dr. A.P.J. Abdul Kalam and other members of the committee participated in the meeting. The committee appreciated the efforts made by the CPUH management and also reviewed the future plans. Dr. Brahma Singh was very much impressed with work under taken by the university and gave various suggestions to develop the campus. Dr. Singh also addressed faculty and students and mentioned that the students of the first batch have proud privilege of being first in the university and later on shall work as an ambassador of the university.

Visit of Prof. K.S. Verma, Director (Institute of Biotechnology & Environment Science)

On 12th April, 2013, Prof. K.S. Verma, Director of Institute of Biotechnology & Environment Science, University of Horticulture & Forestry, Hamirpur visited the campus and mentioned that this is a fast upcoming institute of higher learning in a serene and beautiful surrounding. He also said that this university would become a big contribution to the rural Himachal.

Visit of Dr. S.K. Sharma, VC Agriculture University Palampur

On 16th May, 2013, Dr. S.K. Sharma visited the university and was highly impressed by the campus. He commented that the university will prove to be a centre of excellence in years to come. He also said that HPKV, Palampur will like to have collaboration with CPUH for mutual benefits.

Visit of Prof. Vipin Kumar, Director NIF-IIM Ahmadabad and Prof. Dhanajay, Principal Scientific Officer, DBT, Govt. of India

Dr. Vipin Kumar, Director of National Innovation Foundation, a constituent part of IIM Ahmadabad sponsored by DST (Government of India) and Dr. Dhanajay, an eminent scientist in Nano Technology, DBT (Government of India) visited CPUH on the 1st June 2013 to open an innovation centre in the university. Dr. Vipin delivered very useful information in this context to the students and faculty members and wished for the betterment of the university. Director, NIF also invited the students of management for the summer training along with the IIM Ahmadabad students under his supervision.

MOU with IIT Mumbai

Career Point University, Hamirpur has joined hands with IIT Mumbai for an initiative of National Mission on Education through ICT, Government of India, to promote IT literacy through Open Source Software.

Annual Day Celebration

Plantation by Honourable Vice Chancellor

Student Receiving Certificates & Mementos

A celebration on the completion of one year was organized at CPUH campus as the "Annual Day" with the collaborated efforts of students and faculty on 7th August, 2013 with great enthusiasm and endeavour. The Honourable Vice Chancellor of the university, Prof (Dr.) P.L. Gautam, started the occasion with the plantation of different saplings in the university campus along with respected HoD's of different departments. The Annual Report was presented by Dean, Engineering & Technology which was followed by prize distribution ceremony in which respected Vice Chancellor, Registrar and Dean Engineering & Technology presented mementos and certificates to students for scoring 1st and 2nd position in academics. Students were also awarded with mementos and certificates for their participation in a number of events related to cultural, sports and academic activities. On this occasion Mr. K.S. Thakur (member Board of Studies, CPUH) also shared their experience with students by dwelling upon the importance of sports along with studies. Apart from all these, students participated in a number of cultural activities like skit, solo and group dance, singing etc. with great enthusiasm.

Orientation of Fresher's

An orientation program for new students (Students of B.Tech 1st Year, BBA 1st Year and M.Sc and M.Tech 1st Year) was held in CPUH on 14th August, 2013 with great enthusiasm and endeavour. The orientation program was organized in multi-purpose hall of the university. The program was scheduled after lunch hours. The program started with the refreshment. After refreshment, welcome speech was delivered by Mr. Saurabh Kumar (AP English and Comm. Skills), in-charge activity. It was followed by the collective introduction of faculty members, existing student's of 2nd year and all the new students hence it was all about having a familiarity with each other for the next years to come. Once the introduction part was done, the program then focused upon the presentations of university norms and regulations in which presentation on Anti- Ragging was delivered by Dr. Atul Kapil (AP Physics) and Ms. Anupam Manhas (AP Law). After this aforesaid presentation, Dean Engineering & Technology, Dr. M.R. Sharma explained Do's and Don'ts in the university. Last presentation was delivered by Mr. Anurag (AP and HOD, CSE department) in which Grading System and Course Structure was explained. After all these presentations, Honourable Vice Chancellor of the university addressed the students. The program was concluded by Registrar's vote of thanks in which students giving maximum answers to the questions were given mementos. The celebration was a great success as it involved an active participation of the students and the faculty of CPUH.

Independence Day Celebration 15th August, 2013

The Independence Day was celebrated in CPUH with great enthusiasm. On this occasion, the National Flag was hoisted by Honourable Vice Chancellor, Prof (Dr.) P.L. Gautam, by his pious hands. On this occasion, Prof. Gautam shared his experience with everyone. He emphasized that we should never forget the sacrifice of our freedom fighters as it is due to them that we all are living in the independent country. Further, Prof. Gautam addressed the students and said that the future of our country lies with the youth of today as they are capable of changing the world. The celebration was a big success as it helped in imparting and nationalistic feelings among students of CPUH. Towards the end, sweets were distributed among students, faculty members and staff.

Quiz Competition on Science

A Quiz Competition on science was organized in CPUH campus on 17th August, 2013 in which 14 teams from different departments e.g. Engineering, Management, Applied Sciences participated. There were total three rounds. First round was common for all the teams (elimination round) and towards the second round (question-pass) there were only 5 teams left who successfully answered the questions asked in first round and proceeded for the second round. The first round was elimination round in which questions were asked from General Knowledge. Second round was question-pass round in which questions were asked from Chemistry and Mathematics. The third round was buzzer-round which included questions from Physics and English. The judges for the occasion were from among the faculty members and were responsible for compilation and announcement of the result. The second year students of B.Tech. (ME Branch) scored first position with 80 points. Second position was scored by second year students of B.Tech. (ECE Branch) with 70 points. Third position was scored by second year students of B.Tech. (CSE Branch) with 65 points. In short the competition was a huge success as it involved active participation of students and the faculty members.

Mentor-Mentee Meeting

A meeting between students/mentees and faculty/mentors was organized in CPUH, Hamirpur on 24th August, 2013. For the successful organization and conduction of meeting, a list was prepared beforehand in which faculty members were assigned certain roles as mentors of students. This list was circulated among faculty members and was placed upon the notice board for their reference. This list was also containing all the instructions for the faculty members describing what they needed to do during the meeting. During the meeting, students were asked about their problems and other concerns by their respected mentors in which students came up with a number of complaints and suggestions. Faculty members were instructed to submit the minutes of their meeting and the task was successfully completed by all. The organization of such meetings among students and faculty members in which every faculty is being assigned as mentor is very important as it helps in enhancing the motivation and zeal among students to do something in their life. It also helps them in developing and maintaining the positive attitude towards life and prepares them to face all the possible challenges in future.

Speech Competition

A Speech Competition was organized in CPUH campus on 30th August, 2013 in which 10 students from different departments e.g. Engineering, Management, Applied Sciences participated. It was meant to promote the confidence level among students to face the public from stage and to enhance their presentation skills. The topics were to be selected by the students themselves based on the current issues of economy, social and political events happening around the world. Students were also given the choice of delivering their speech in either Hindi or English as per their convenience. Some of the topics were like: Declining value of rupee against dollar, Violence against women, United Nations etc.

Students were assessed on the parameters of content of speech (5 marks), Presentation skills (10 marks), body language (5 marks) and topic selection (5 marks). They performed well on all these parameters. Among all the 10 contestants the Mr. Mukul Thakur (B.Tech ME 1st Year) bagged the first place. Second place was bagged was Mr. Umesh Kumar (M.Tech ECE 1st Year). For the third position, there was a tie between Mr. Jitender Thakur (MBA 1st) and Ms. Ritika (B.Tech CSE 1st year). The quiz competition was a huge success as it was organized successfully as the collaborated efforts of faculty members and students of the CPUH, Hamirpur.

Fresher's Bash-2013-2013

Ms. Fresher

A Fresher's Party by the seniors for the juniors' was organized in CPUH campus on 31st August, 2013 in which students from different departments e.g. Engineering, Management, Applied Sciences came together and organized the party in a grand manner. Party was scheduled to start at 11:30am with the welcoming of fresher's. At 12:00pm students invited Honorable Vice Chancellor and Registrar for the lightening of lamp as adhering and giving respect to our Indian tradition.

After the lightening of lamp, Introduction of fresher's was the next thing to take place in which they were supposed to pick up a chit from the bowl and to perform the activity which was written. Once the introduction part was done, the party took a new turn with the Modeling Round in which fresher's participated with great heartiness. Now the next round was meant to find out their hidden talent with the On Spot performance Round. It was a very interesting round and was enjoyed and liked by all. After these three rounds, freshers were being started eliminated as they all were getting scores according to their performances. Towards the end, there were only 10 fresher's left upon the stage. With these fresher's the next round which was Question Round was held in which they were asked various questions pertaining to their goal and ambition in life etc. At around 04:00 pm the party was about to complete and the results for the different titles, "Mr. & Ms. Fresher, Mr. & Ms. Personality and Mr. & Mr. Charming" were ready. For the announcement of results seniors invited Honorable Vice Chancellor upon the stage which was followed with the Blessings of Chief Guest. After receiving the blessings for their great future ahead seniors delivered their vote of thanks for all to participate and to make the party a successful event. at 04:30 pm party ended with the refreshment.

Mr. Fresher

Teacher's Day Celebration

Chief Guest Garlanding the photograph of Dr. Sarvepalli Radhakrishnan

The Teacher's Day celebration was organized on 5th September, 2013 by the students with the help of faculty members as a collaborated effort with great enthusiasm and endeavour. On this occasion, Dr. S.K. Sharma, Former Vice Chancellor of Agriculture University, Himachal Pradesh was the Chief Guest.

The program started at 3:30 pm in the MP Hall. The anchoring part was handled by Mr. Ankur Dhiman, student of MBA 3rd semester. The program started with the lightening of lamp as a tribute to goddess Saraswati which was followed by Saraswati Vandana. After receiving blessings from the goddess, garlanding of the photograph of Dr. Sarvepalli Radhakrishnan was done as a tradition. Welcome speech was presented by Dean Engineering & Technology and the facilitation of Chief Guest was done by Honourable Vice Chancellor, Dr. P.L. Gautam. On this celebration, four students from different streams also presented their speech on "Contribution to Education System by Dr. Sarvepalli Radhakrishnan" which was a sort of declamation competition in which, towards the end, Mr. Kuldeep, student of M.Tech (ECE 1st Year) was awarded with 'The Best Speaker' trophy by the Chief Guest. Towards the end, Honourable Vice Chancellor and Chief Guest delivered their address to the students in which they explained why this day is celebrated as Teacher's day. Vote of thanks was delivered by Registrar which was followed by refreshment. The teachers were also presented with gifts by students on this occasion. The celebration was a great success as it involved an active participation of the students and the faculty of CPUH.

Mr. Kuldeep (M. Tech ECE) receiving the best speaker trophy from chief guest

SCIENCE EXHIBITION

A Science Exhibition was organized in CPUH campus on 27th & 28th September, 2013 in which various teams from different departments e.g. Engineering, Management, Applied Sciences participated. Exhibition was organized for first year (on 27th September) and second year (on 28th September) students separately. On the first day, students came up with the following models and projects: Wireless Radio, Basic Electronics Components, Water harvesting model, Food testing labs and Soap preparation etc. Out of these, respected judges which was a cluster of faculties from different departments, declared students of M.Sc 1st Year (Physics) as winners. Subsequently, students of B.Tech 1st year (ECE Branch) were declared as first runner-up and students of B.Tech 1st year (Civil Branch) as second runner-ups. Science Exhibition took a new turn on the second day when senior students came up with their models and projects. They were fully energized after witnessing the models of their juniors. Mechanical students formed two groups and prepared two projects: multi-gear cycle and differential gear assembly. M.Tech (ECE Branch) came up a very interesting project, GSM based Heart Beat Monitoring. Management students, both from BBA 3rd semester and MBA 3rd semester, came up with two different and unique thoughts, i.e. a project on personality test and identify clues hidden in objects. B.Tech 3rd semester (civil) students prepared a stone-sand filter. B.Tech 3rd semester (CSE) students came up with a sort of game in which they were trying to read the thoughts with the help of computer. And finally, students from M.Tech (CSE) students created a website for university as their project. On the second day, out of all these thoughtful projects, multi-gear cycle and GSM based Heart Beat Monitoring were declared as winners. Subsequently, personality test and website for university were declared first runner-ups and stone-sand filter was declared as second runner-up by the respected judges. In nutshell, science exhibition was a grand success as it involved collective efforts of both faculty and students.

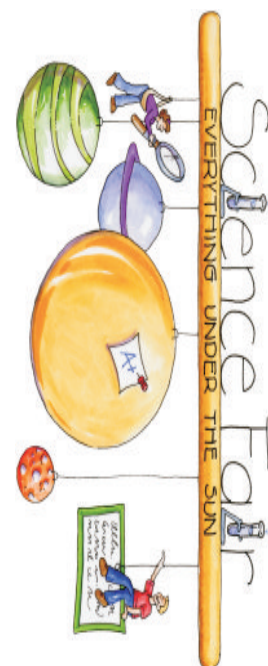

Various models at display

B. Tech (CE 3rd semester) students with's and stone filter model

M. Tech. (ECE 1st semester) students with gsm based heart monitoring system model

C.P.U. is _____

सफलता मंत्रा

इस दुनिया में शायद ही ऐसा कोई हो, जो जितना ना चाहे! हर व्यक्ति जितने के लिए उम्र भर कोशिश करता है! एक दो बार सफल होता है, और कई बार असफल होता है! हर असफलता के बाद वह निराशा और दुख में डूब जाता है, परन्तु इस के बजाए क्या हम सोचते हैं की जीत के लिए हमारे पास कौन-कौन सी डिग्रियाँ होनी चाहिए?

अगर आप ने इस पर ध्यान नहीं दिया है, खुद से जीतने का वादा कीजिए और अपने जीवन में जीत के लिए नया तरीका, नयी सोच, आगे बढ़ने और आशा जैसे शब्दों को शामिल कीजिए! मंजिल आपकी होगी, इसके लिए जितने की कला आनी चाहिए! जीत के लिए एक ही योग्यता की आवश्यकता है, वह है लक्ष्य की स्पष्टता, जो कुछ आप चाहते हैं उस का ज्ञान.....
